### DISCUSS SUGAR TARIFF

Proposal for Relief of Philippines to Be Considered.

DENVER, Colo., Nov. 3.—The directors of the Chamber of Commerce last night voted to send a letter to the Chambers of Commerce throughout the West and Middle West inviting them to send representatives to a convention to discuss the proposal on the part of the national government to remove the tariff upon sugar coming from the Philippine islands. The letter in part is as follows:

"We believe that the time is very opportune to call a conference or a convention of representatives of the leading commercial bodies of the sugar-producing States to take action looking toward a correct public opinion on this important subject, and also to secure the assistance of the representatives in Congress from the above States in preventing such tariff legislation."

### Strong Guard at Palace.

VIENNA, Nov. 3.—A strong guard occupied the square in front of Hofburg palace this evening in order to prevent a recurrence of the riots of yesterday. At a meeting of the Provincial Diet today the Governor of Lower Austria announced that the question of universal suffrage is now in a fair way toward legislative settlement.

### MILLIONAIRES PENSIONED

Don't Need the Money, but Want to Complete Record.

WASHINGTON, Nov. 3.—Pensions for millionaires is one of the new developments under the executive order of last year, making age the only disability necessary for the granting of a service pension. According to Commissioner of Pensions Warren, the application of a millionaire for a pension has been recently favorably passed upon.

He does not want the pension, according to the Commissioner, on account of the money it carried with it, but simply to perfect his record of honorable service in the Civil war. This view of the age disability order is taken by many well-to-do veterans, who would not otherwise apply for pensions. The fact that they are eligible and performed the service stipulated in behalf of the Government and that the Government is willing to recognize this service by a pension and the accompanying records of the same, make the service pension a desirable addition to family records.

The real thing—no buncombe. Dairy Lunch Room, 124 South W. Temple.

## ARMOUR OFFICIAL REFUSES TO REPLY

Interstate Commerce Commission Rules He Must, But He Doesn't.

CLAIMS CAR LINES NOT IN INTERSTATE COMMERCE

Traffic Manager Sproule Also Declines to Tell About "Pooling."

WASHINGTON, Nov. 3.—President Robbins of the Armour car lines and Traffic Manager Sproule of the Southern Pacific company declined to answer questions put to them by the Interstate Commerce commission in its private car line inquiry today, both acting under instructions of their counsel.

### Hearings Are Adjourned.

The examination of Mr. Robbins was intended to show that the Armour car lines, through Armour & Co., or other concerns controlled by the same name, are engaged in business other than that of leasing cars to railroads and refrigerating perishable shipments. Mr. Robbins, examined regarding an alleged "pooling contract" between the Southern Pacific and the Southern Railway. When the information was denied to the commission it was announced that the hearing would be adjourned indefinitely. No action was taken regarding the declarations.

### Avers No Jurisdiction.

Mr. Robbins had testified that the Armour car line operates 12,000 cars and that the Armour car line was not engaged in interstate commerce, and averred, therefore, that the commission had no jurisdiction.

### Not in Transportation.

Mr. Robbins also testified in support of Mr. Eichman's contention that the Armour car lines are not engaged in the transportation business, but solely in the business of leasing cars and furnishing refrigeration. He asserted that the respondent railroads have no part in fixing the charges of transportation.

### Barry Takes Issue.

Issue was taken by Attorney Barry with the testimony of the witness, Mr. Barry said he could show that the Armour car lines are engaged in the fruit and produce business.

### Declines to Answer.

J. H. Call of Los Angeles, who has assisted Mr. Barry and who also is acting for California fruit interests, then took charge of the examination and under instruction of Mr. Robbins declined to answer a number of questions. Chairman Knapp announced that the commission would confer as to the character of questions it would require the witness to answer.

George W. Tetta, refrigerating manager of the California Fruit Growers' exchange, testified briefly in relation to the details of leasing cars.

### Rules He Must Answer.

At the afternoon session Mr. Robbins was asked a number of questions, which under instructions from his attorney he declined to answer. The commission ruled that he must answer. Mr. Robbins then left the stand.

President Robbins resumed the stand this afternoon. Mr. Barry asked as to the average cost of refrigerating cars. The witness, contrary to the ruling of the chairman and under instruction from counsel, declined to answer.

### Turns Down All Questions.

Questions as to the average daily movement of cars, the average life of cars and the basis on which the company assessed or fixed charges were not answered under similar circumstances. Mr. Robbins was asked to give lists of icing stations and cost of ice and questions relative to tariffs on citrus fruits, the witness refusing to answer on the ground the commission had no jurisdiction.

### Wouldn't Explain Code.

The book presented at the hearing at Chicago as the Armour telegraphic code book was taken up and the chairman read from it "Launch-Better arrange rebate there," asking the witness what this meant. This and all other questions were not answered upon advice of counsel. Then Mr. Robbins was dismissed from the witness stand.

### Takes Attorney's Advice.

William Sproule, traffic manager of the Southern Pacific Railway company, testified in relation to its contract by which J. T. Ames supplied his road with refrigerating cars. Attorney Dunne advised the witness to withdraw any question in relation to any contract between the Southern Pacific and the Southern Railway. On the ground that the investigation concerns refrigerating charges and not transportation rates. The commission instructed Mr. Sproule to answer, but he declined. Commissioner Prouty declared the contract to be "a pooling agreement."

The witness refused to say whether the contract is still in operation.

### WORK OF REACTIONARIES

Claimed Trepoif Is Fomenting the Disorders.

NEW YORK, Nov. 3.—A cable dispatch to the Herald from Berlin says: A telegram from St. Petersburg is absolutely certain and calls attention to the reactionaries under the leadership of Gen. Trepoif, have been fomenting disorders throughout Russia in order to counteract the efforts of the revolutionaries. The reactionaries, it is asserted, have sent agents provocateurs to various cities in order to create a condition of anarchy and to compel the Czar to take military measures. To discredit Czarism is also an object of the reactionaries.

### Vallejo Postoffice Robbed.

VALLEJO, Cal., Nov. 3.—The Vallejo postoffice was entered by burglars some time between 1 and 6 o'clock this morning. Both the large postoffice safe and the postmaster's private safe were broken open with chisels, soap being used to deaden the noise. Many stamps were taken and registered letters were opened, but the robbers failed to reach the inner compartment of the postoffice safe, which contained \$1500 in cash.

### Schwab Pays Big Mortgage.

ALLENTOWN, Pa., Nov. 3.—Charles M. Schwab yesterday paid the mortgage for \$100,000 given by the United States Shipbuilding company in 1902 to the Colonial Trust company of New York, covering the property of the Bethlehem Steel company, located in this county.

### Identifies Dead Burglar.

GRAYSON, Ky., Nov. 3.—The Willard bank robber, giving his name as Smith, died in the night Tuesday. J. H. Kiffmeyer of the Cincinnati police department, identified Smith as an old-time bank burglar of Chicago.

## PROMINENT WOMAN IN JAIL AS SHOPLIFTER

Claims She Wanted to Go to Bridewell to Study the Prisoners.

CHICAGO, Nov. 3.—While friends and detectives have searched for Miss Marie Louise Hill, member of the choir at the Moody church, student of sociology and commanding the respect of those who knew her intimately, she has been a prisoner at the Bridewell, committed to the institution on her plea of guilty as a shoplifter. She was sentenced October 10, the day following her disappearance, under the name of Annie Harold.

### Ends the Mystery.

Her dual existence and the mystery of her departure from her boarding place ended when the matron at the Bridewell confronted her with her picture in a newspaper and she admitted her identity. She had concealed it, she said, because she wished to return to her friends with character unimpaired.

The police were notified, and Miss Hill, concealment no longer possible, requested that Dr. W. S. Jacoby, assistant pastor of the Moody church, and Mrs. H. E. Brown, from whose house she disappeared, be summoned. Mrs. Brown had reached the institution and obtained Miss Hill's release by paying the part of her fine not worked out when Dr. Jacoby and a detective arrived.

### Drew Money From Bank.

When Miss Hill left her boarding place the day of her disappearance, she said, she went to a stock broker with whom she had dealings relative to gas stock, which she had purchased. Then she went to a publishing house, for which she intended to canvass. Having drawn \$100 from the bank, she spent several hours shopping.

She was seen by a house detective in a department store buying a silk waist. When arrested she gave the assumed name and said that her occupation was that of a writer. Next day she pleaded guilty in the Police court and was fined \$20 and costs.

### To Study Prisoners.

"I had spent \$40 shopping and had plenty left to pay my fine," she told the police, "but would not do so because I wanted to go to the Bridewell to study the prisoners. I have been interested in sociology and thought it an opportunity to extend my studies."

## ATTACKED THE HOSPITAL

Request to Remove Theater Occupied by Riot of Chinese.

HONGKONG, Nov. 3.—Bishop Merel of the Catholic church has received a letter confirming the news of the massacre of American missionaries at Luenchow, and giving the following particulars.

Dr. Machie requested the removal of a street theater near the hospital on account of the noise. This request incensed the Chinese, who, becoming violent, attacked the hospital. Dr. Machie then paraded the street exhibiting the skeleton used in the instruction of the medical class and alleging that it was an example of the foreigners' inhumanity to the Chinese people.

Becoming frenzied, the crowd burned the hospital, the girls' school and the residences of the missionaries.

Dr. Machie, Mrs. Machie, their 10-year-old daughter, Mr. and Mrs. Pearle, Dr. Chestnut and Miss Patterson took refuge in a cave. The mob pursued them and killed all except Dr. Machie and Miss Patterson, who escaped to the Yamen. Dr. Machie was badly wounded.

The American gunboat Callao and two Chinese gunboats with members of the American board of missions are proceeding to the scene of the massacre.

## MEASURES ARE INADEQUATE.

Chinese Disturbances Are Giving Much Concern.

HONGKONG, Nov. 3.—Advisers from Canton declare that the measures taken to suppress disturbances in the province are inadequate and that the native officials will not give out any information on the subject.

The Catholic church has written to Bishop Merel to petition the Viceroy of the province for the protection of the French mission at Luenchow.

It is declared that the boycott headquarters at Canton received the first news of the massacre of the American missionaries at Luenchow, but the native government has refused to connect the massacre with the slaughter.

## FETES' TRAGIC ENDING

Officers Lose Lives in Accident at Genoa.

NEW YORK, Nov. 3.—According to dispatches from Genoa, the fetes in connection with the inauguration of the new harbor work had a tragic conclusion, three officers losing their lives in an accident, says a Naples dispatch to the Herald.

A storm came up Wednesday night toward the end of a dinner given to the French and Italian naval officers on board the British battleship Goliath. A cutter from the Italian armored cruiser Giuseppe Garibaldi, with seven officers and eight seamen on board, nevertheless left the harbor for the shore. The cutter was crossing the outer harbor when it was run down and sunk by the packet steamship Maria Teresa. An alarm was immediately raised.

The warships in the roadstead turned their searchlights on the harbor. Boats were launched and all the occupants of the cutter were in a desperate condition and during the night Capt. Surgeon Enrico Malizia, Chief Engineer Ferruccio Montanaro and Chief Commissary Arturo Grassi, died in the hospital. Lieutenant Prisma and Modena are reported mortally injured.

The ships of the Italian and foreign squadrons are flying flags at half mast and their departure has been postponed in order to send deputations to the funeral of the victims.
